CLOTH DISCS

Product Construction : Mineral - Aluminium Oxide,
Coating - Internal Code, Bond - Resin, Backing - Cloth.

Application : Intermediate and final sanding of furniture parts, varnished surfaces, kitchen counter-tops, plastic parts, metal sanding, putty sanding, wood sanding, plastic component sanding.

Material : Wood, Metal, Paints, Fillers, Plastics, Fiber glass surface.

Features : Fine finishing and long life, Tear resistance, Heat resistant, Uniform Surface Finish, gives cooler cut on heat sensitive metals, for use with portable machines.

Size : 75 mm, 100 mm, 125 mm.

Grit Range : All sizes from 60 to 180.

Product Construction : Mineral - Aluminium Oxide,
Coating- Internal Code, Bond - Resin, Backing - latexed Paper. It could be produced with Velcro as well as PSA.

Application : Initial and Intermediate sanding on solid wood furniture, wood and metal door and window frames and other hard and soft wood, plastic and metal surfaces by hand and with portable sanding machines.

Material : Paints, Plastics, Solid Surface Material, Metal, Wood.

Features : For use in rough to very fine finishing application, Scratch free finish, Less loading, Strength to resist tearing, for use with portable sander machines, consistent finish.

Size : 75 mm, 100 mm, 125 mm, 150 mm.

Grit Range : All sizes from 80 to 800.
